**Canada Tibet Committee on 30 years of achievement for Tibet**

On the occasion of its 30<sup>th</sup> anniversary, I, on behalf of the Central Tibetan Administration extend warm greetings and congratulations to the Board, staff, and friends of the Canada Tibet Committee.

As one of the original Tibet support groups created following the 1987 mass uprising in Tibet, the CTC has been at the forefront of the Tibet movement in Canada and internationally. Its many achievements have defined Canadian government support for Tibet and inspired both Tibetan and non-Tibetans to stand together for peace and freedom on the high plateau.

The CTC's work to increase Tibet awareness across Canada, to collaborate with government officials, and to reach out across party lines in the Canadian parliament, has been an exemplary and steadfast example of leadership within our movement.

On this important anniversary, and on behalf of the Central Tibetan Administration, I offer my sincere best wishes for the Canada Tibet Committee's continued success and achievement.
